SATURDAY, FEBRUARY 22, 2020

We will meet at 8:30 am for breakfast at the Hendrick Mercedes-Benz of Northlake. After some time to mingle and socialize, we will be introduced to the dealership team and taken on a tour of the dealership.

After the tour, you will be able to join one of the following groups that interest you most:

## **TEAM TECHNICAL – SERVICE LANE**

The “Technical” group will give members the opportunity to step into the role of a Mercedes Technician. Two of our member’s Mercedes will be selected to get an in-depth look as they are put up on the lift.

## **TEAM DESIGN – CONFERENCE ROOM**

The “Design” group will give members an opportunity to utilize his or her creativity and aesthetic ability to design a vehicle. We will review the options and upgrades to build your perfect Mercedes!

Before the morning is over, we will get to explore the newest Mercedes vehicles and get hands-on experience with the latest technology. The concierge team will also be available to answer any questions you might have about the technology in your vehicle.
